

TA10 Towable Aerator

The TA10 is ideal for commercial areas and large residences. Two independent tine rotors with 32 interchangeable closed spoon 1/2" tines provide superior maneuverability around corners and tight areas. Five optional weight containers ensure optimal soil penetration. Tip wheels allow the TA10 to easily pass through narrow openings.

Aerating width: 36 inch

Aerating depth: 0-3 inch

Aerating pattern: 4.4x6 inch
